"Risen Christ, we thank you for the miracle of your presence in our midst. Teach us how to celebrate it with our children in every class we teach."

Welcome to Nativity Parish School!

We are pleased that you are considering Nativity Parish School for your child/ren and as principal of Nativity Parish School, I am honored and delighted to have this opportunity to share a little bit about our school. Choosing the school for your child's education is one of the most important decisions you will make as a parent. Your child's elementary experience will shape their life choices and lay the foundation for future successes.

At Nativity Parish School, our curriculum and activities are centered on the teachings of Jesus Christ. Our school provides a religious and moral reference to help students critically examine the culture around them and see themselves as playing a critical part in building a society that reflects the Gospel teachings of Christ.

Our talented and dedicated staff is unparalleled. Their dedication is the reason that our school achieves high academic distinction year after year. They challenge our students to think critically and creatively while supporting them when they take intellectual risks. They lead by example, challenging themselves and demonstrating with our students what reasonable and caring people of Christ do to serve others.

A school like Nativity just does not happen without the dedication of many people and the continuing support of the parish community. Nativity has a tradition of family and community involvement that is evident throughout the parish and especially in the school. With the commitment of the parish community to foster a nurturing environment for children, Nativity is committed to providing a solid foundation in all curricular areas, and an education grounded in faith. We want all of our children to know that God loves them unconditionally, to come closer to Him through the sacraments and to know Him personally through prayer.

How blessed I feel to be chosen for such a special ministry of working in a Catholic school as principal. I feel fortunate to be a part of the formation of a group of young children who together are the hands of a wonderful and loving Father.

God bless,
